

The Symantec Academic Subscription Buying Program offers eligible academic Institutions throughout the world a flexible and easy way to purchase annual subscription licenses bundled with Essential Support (24x7). This also helps reduce the total cost of technology spending.

1, 2, or 3 year subscription periods available for both the initial term and any renewal term.

Key Program Features:

- Access to Academic Subscription Program Bands (see right) based on order volume on a per order basis
- Licenses bundled with Essential Support (24x7)
- Ability to add additional products or increase licenses at any time during the subscription period
- Student use option available
- Home use available for faculty/staff
- All subscriptions co-termed
- Where available, the ability to move to the traditional perpetual license model at the end of the contract

Enrollment and Program Bands

To enroll in the Academic Subscription Program, a customer must meet the eligibility requirements and sign the applicable program agreement

- An academic institution must be organized and operated for educational purposes, such as a public or private school, college or university, and be accredited by an appropriate government board of education or accrediting organization.
- A customer's initial order must be at least 250 units or total \$5,000 MSRP. The number of units provided on the initial order will establish the customer's initial program band.

Academic Subscription Bands

Band Levels	Minimum Quantities
A	250-499
B	500-999
C	1,000-4,999
D	5,000-9,999
E	10,000+

- Initial orders can be submitted once the customer has received their Welcome Letter with their Academic Subscription SAN (Symantec Agreement Number) from Symantec. An initial order, along with the Academic Subscription Program Worksheet, must be submitted within 14 calendar days of receiving the Welcome Letter.

The coverage model for the program is easy:

- Schools' (K-12th grade, preschool, pre-college/pre-university) count calculation is based off all eligible workstations and/or servers.
- Campus' (higher education) count calculation is based off full-time equivalent for faculty/staff.
- Student Use Option count calculation is based off fulltime equivalent students.

Full-Time Equivalent (FTE) Calculations

Faculty/Staff Count:

Full-time Faculty (= to 1 FTE)

Part-Time Faculty (= 1/3 of a FTE)

Full-Time Staff (= to 1 FTE)

Part-Time Staff (= to 1/2 of a FTE)

FTE Faculty/Staff Baseline

Student Count for Student Use Option:

Full-Time Students (= to 1 FTE)

Part-Time Students (= 1/3 of a FTE)

FTE Student Baseline
